## Forum “The Public/Citizen Insecurity in Latin America: a Regional Challenge”

Mexico City, ITAM Santa Teresa  
11-12 March 2013

### Objectives FSC

- Deepen the critical analysis of insecurity in Latin America through an interdisciplinary dialogue and creation of methodological tools.
- Create an interdisciplinary network with academics at a hemispheric level focused on the study and comprehension of insecurity.
- Share the findings and recommendations that this network will produce with key actors and decision makers of the region.
- Constitute an annual Forum-Conference of citizen security in Latin America, with a high degree of academic analysis, open to dialogue with government officials and authorities.

### Topics

The conference is organized by 4 thematic blocks:

- I. The Citizen Insecurity *Tipping Points*
- II. Drug Trafficking and Drugs Regimes
- III. Interventions and Best Practices to Decrease Violence
- IV. The Costs and Impacts of Insecurity
